

## Photo Show

A photo show is a visual reminder that encourages conversation and reflection.

Broadbent & May can create a photo tribute, with a music track of your choice, to be screened during the funeral service.

- Select approximately 50 photographs in either digital or hardcopy format (we can scan these for you)
- Choose an appropriate piece of music, preferably between 4 to 5 minutes in length (we can usually source this for you)

The scanned photographs and photo show will be provided to you on disks. Multiple copies can be supplied at extra cost.
