

Service Sheets

Service Sheets or Orders of Service are a programme of events and are handed to attendees on arrival or may be sent to those unable to be there on the day. They serve as a record of the funeral, detailing location, time of the service, celebrant or minister, readings, hymns, prayers, song lyrics, poems and photographs.

When the family meet with the celebrant or minister the sequence of events and content are discussed and finalised. This information is then given to the funeral director by the celebrant.

Service Sheets are an opportunity to tribute the person who has died and perhaps share their passions or hobbies, acknowledge their affiliations within their community, clubs or societies. Consider sharing a recipe they were renowned for, music they loved or personal sayings.

Broadbent & May can design and print full colour Service Sheets in either A4 folded (with or without an insert) or A5 format. Content and design can be discussed at the arrangement meeting.
